The COMMERCIAL, in all its departments, is in a prosperous condition, though it would

be much more so, if the proprietor had been in health to push it. The material, newspaper and job type, is almost bran new. So also are the presses. The office is in a city that must continue to expand and largely increase in business facilities. It is a city of schools, which are said to be "the bane of modern sham democracy," manufacturing Republicans. The patronage of the office from these schools is not inconsiderable.

Nothing is more indelibly written in the book of fate, than that the Republicans are to rule this city. They made a long pull towards it last spring, and a judicious course will surely consummate it the next, giving them the city government, and an almost rumored that Secretary Stanton is manimous council, which will throw several about to resign, his place to be filled by hundred dollars worth of printing into the Gen. THE GLORIOUS VICTORY.

The October elections may well Johnson was in St. Louis, a delegation make every patriot's heart throb with of the Sons of Temperance called on delight. It has not only been a succession of victories under the most forbidding circumstances, but it has been a victory of gains. In Pennsylvania, President, since General Jackson's that splendid old arch of the Union, we elect Gen. Geary by nearly 17,000 majority, a gain over Curtins' vote in '63. Having a large majority in the Legisla- things," and abruptly dismissed them ture, we oust the renegade Cowan, a gain in the Senate. We gain two Congressmen. Ohio we carry by 45,-000, an increased majority of 10,000 over last year. We lose a Member of Congress, Gen. Morgan over Delano ject: in the 5th District, by only 250. Gen. Morgan last year, running for Governor, carried the District by nearly 800.

Indiana we carry by 15,000 majori ty. We lose a member of Congress, but in a heavily democratic district.-We only carried it two years ago, because the opposition ran 2 candidates. Several of our Congressmen made splendid gains, especially Colfax, almost doubling his-majority.

Iowa has gone Republican by 40,000 majority, a gain of 15,000. All hail. Iowa! electing all her six members of Congress. In the 6th, Hubbard's, the Johnson democracy committed a fraud that for audacious meanness stands unparalleled. Mr. Hubbard, the Republican candidate, had gone to Indiana to speak and was taken sick. A few leading Democrats industriously reported, both by telegraph and letters, that he was dead, forging recommendations from the Congressional Committee to the electors to vote for another man. The fraud was not discovered in this business are nothing but clever until near noon. But the Republican majority in the district is so large that Hubbard is elected, and the dirty democratic scheme for electing a rebel congressmen defeated. The Republicans will see that these democratic scoundrels are severely punished if there is

any virtue in law. In Pennsylvania, in Gen. Archibald's district, the Democrats perpetrated most astounding frauds, in one county polling over 800 fraudulent votes.-The General will contest Dennison's seat and probably get it. If so, we make a gain of three Congressmen in Pennsylvania.

In Indiana frauds are also being exposed. Truly this Johnson democracy is rotten all the way through. We stand in these States thus in the next Con-

MEN of New York, New-Jersey. Massachusetts, Illinois, Michigan, Wisconsin-let it be well understood by every voter in your State that the Republican Congressional ticket means equal political rights for the voters North and South, and that the ticket of the Democrats and Johnson party means superior rights of the Sonthern voters. Every man who votes the opposition ticket thereby consents to have lesser rights than a voter in the Southern States; while every supporter of the Republican ticket insists that the Union men of the North shall have at least equal rights with the late Rebels. Is it possible that the issue between two such

tickets is doubtful?

OUR REPRESENTATIVE.

The Convention to nominate a candidate for Represen ative in the Legislature for this district met in the Council Hall on the 15th. The contest seemed to be between Chas. Shier, our present worthy member, and John S. Jenness of this city. The contest was close, but finally resulted in the choice of Mr.J. He has been a resident of our city some five or six years, and has won the esteem and confidence of the community. He is a man of energy of character, and will make an efficient member. He was elected a member of our school Board at the last annual meeting, and so declared by the President, but is not recognized as such by the chief Mogul, the Secretary, but on the contrary, is informed that he cannot serve because his election was illegal. Who made the Secretary judge and jury in the case, we are at a loss to know. Mr. J. filed his acceptance, as the law requires, and waits for a notifieation of the meeting of the Board .-We confidently hope one thing will result from this matter, and that is, such a change in our school law as will secure a fair and honest election at least. We trust our new Representative—as he certainly will be, will give some attention to this matter.

The following were appointed the Representative Committee :- Charles Shier, James A. Dwight, John Pebbles A. Campbell, Milton Pettibone.

Real Estate Sales.

We would call the attention of our readers to the column advertisement of Holmes & Jenness, containing a list of places for sale. It is a real benefit to property holders to have so enterprising a firm devoting their time and attention to buying and selling real estate. Property never depreciates so long as it keeps changing hands, and thus property in our city is constantly rising in value. We append a few sales recently made through them:

W. W. Antisdel to Brumfield, house and six acres of land on River Street-\$5,000. Mrs L. Towne to E. W. Grant, vacant lot in Normal Addition-\$250.

Thomas Ellis to R. C. Dolson, vacant lot on Adams street-\$400.

David Blackmar to Holmes & Jenness, lot on Cross Street.

Catlin to H. Bradley house and lot on Washington Street-\$2,100.

John F. Coon to C. C. Cain, house and lot on Pearl Street-\$1,400.

Wm. Cross to Bishop, house and lot on

Summit Street-\$5,000.

Horse Fair. A "Stock Association" has been formed in this city with C. Yost as President, F. P. Bogardus Secretary and R. W. Hemphill Treasurer. A Horse Fair is to be given under their auspices, Wednesday and Thursday next, October 24th and 25th. About a thousand dollars are offered in Premiums, which are divided into two classes-Class A without reference to speed, Class B with reference to speed alone. The trotting Park of the As sociation situated in the west part of the city, has been placed in fine order for the occasion, and is now considered one of the best in the State.

Young Men Patronize the Best. We know of no institution in the country

that has better facilities for giving young men and ladies a more thorough and practical business education, than the Ann Arbor Business College. The Professor of penmanship, cannot be excelled for practical and ornamental writing, and the Law Lectures alone, given by Judge Cooley are worth all the student has to pay for a scholarship. We advise all who desire a business educa-

tien to call at Ann Arbor before going elsewhere.

Governor Blair. Spoke at Hewett Hall on Tuesday evening last, before an immense audience. He was greeted with the warmest applause by the Boys in Blue, and his speech received cheers and plaudits from the audience, which its ability deserved. It was a rouser. We regret not being able to give a lengthened report, but sickness prevents, and as every one heard it, it is almost unnecessary.

I was advised by a young friend to try one of Allcock's Porous plasters. I said, I had tried several kinds of plasters without any benifit, and supposed they were all alike. At the begining of our enterprise, more than ten years ago, it was our first object to make a thoroughly good low-priced watch for the million, to take the place of these foreign impositions-the refuse of foreign factorieswhich are entirely unsaleable at home and perfectly worthless everywhere.

How well we have accomplished this may be understood from the fact, that after so many years of public trial, we now make more than half of all the watches sold in the United States, and that no others have given such universal satisfaction. While this department of our business is continued with increased facilties for perfect work, we are at present engaged in the manufacture of watch s of the very highest grade known to chron-metry, unequalled by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilties. We have erectfor this branco of our business, and have lled it with the best workmen in our service. New machines and applicants have been con structed, which perform their work with consummate delicacy and exactness. The choice est and most approved materials only are used and we challenge comparison between this grade of our work and the finest import ed chronometers. We do not pretend to sell our watches for less money than foreign watches, but we do assert without fear of contradction that for the same money our product is incomparably superior. all our watches, of whatever grade, are fully warrented and his warrantee is good at all times against us or

HERE are some of Mr. Lincoln's sto-

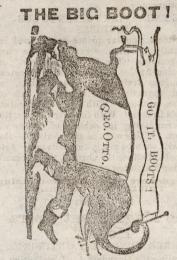

When the telegram from Cumberland Gap reached Mr. Lincoln that "firing was heard in the direction of Knoxville," he remarked that he "was glad of it." Some person present, who had the perils of Burnside's position uppermost in his mind, could not see why Mr. Lincoln should be glad of it, and so expressed himself. "Why, you see," responded the President, "it reminds me of Mistress Sallie Ward, a neighbor of mine, who had a very large family. Occasionally one o her numerous progeny would be heard crying in some out-of-the-way, place, upon which Mrs. Ward would exclaim, There's one of my children that isn't dead yet."

One of the last stories I heard from Mr. Lincoln was concerning John Tyler, for whom it was to be expected, as an old Henry Clay Whig, he would entertain no great respect. "A year or to after Tyler's accession to the Presidency," said he, "contemplating an excursion in some direction, his son went to order a special train of cars. It so happened that the railroad superintendent was a very strong Whig. On 'Bob's' making known his errand, that official bluntly informed him that his road did not run any special trains for the President. 'What!' said 'Bob,' did you not furnish a special train for the funeral of Gen. Harrison?' 'Yes, said the Superintendent, stroking his whiskers; 'and if you will only bring your father here in that shape, you shall have the best train on the road!"

A CORRESPONDENT of the Philadelphia Press remarks:

"It is great injustice to Judas to compare him with Andrew Johnson .-Judas did not go traveling round the country on his thirty pieces of silver, but went and hung himself, like a gentleman, and gave up his spirit. Johnson will do neither.

throat, attended with a disagreeable cough, I had for some months previous thought that preparation having for its basis the inside bark of white pine might be so compounded as to be very useful in diseases of the throat and hings. To test the value of it in the case alluded to, I compounded a small quantity of the medicine that I had been p anning, and gave it in teaspoonful doses. The result was exceedingly gratifying within two days the iritation of the throat was removed, the cough subsided and a speedy cure was effected. Soon after this I sent some to a lady in Londonderry, N. H., who had been suffering for some weeks from a bad cough, occasioned by a sudden cold, and had raised mucus streakad with blood. She soon found relief, and sent for more. She took about ten ounces of it, and got well. J. B. Clark, Esq., editor of the Manchester Daily Mirror, made a trail of the same preparation in the case of a severe cold and was cured immediatly. He was so highly please I with the results, and so confident in success attending its sales, if placed before the public, that he finally persuaded me to give it a name, and send it abroad to benefit the snfn November, 1855, I first advertised it un ler the name of White Pine Compound. In two years from that time there had been wholsaled in Manchester alone one hundred dollars worth, where it took the lead of all the cough remedies in the market, and it still maintains that position. There is good reasons for all this; it is very soothing and healing in its nature, is warming to to the stomach, and pleasant withal to the taste, and is exceeding-

This remedy is as "afe and pleasant to take as it is effectual.
